March 23, 2020

Greetings;

I hope this finds you all as well as can be under these circumstances. I wanted to give you all a quick update on where things stand this week.

This week is our Spring Break so there will be no assignments or communication from the schools for our students. I want to make sure that I publicly thank our teachers,, administrators and parents for the “almost” seamless launch of providing educational services. We have received lots of kudos on social media by parents and community members on how well it was done. Who knew when we began the 1:1 technology program 4 years ago that we would/could embrace it so well? It most likely will change inclement weather days as we know them moving forward.

We will continue providing meals for our students during this week.

Park View Elem. School	5555 S Nicholson Avenue	11:00 am - 12:00 p.m.
Cudahy High School	4950 S Lake Drive	11:00 am - 12:00 p.m.

As a reminder, students ***no longer*** need to be present for a parent or guardian to pick up the meals. (We will be providing the daily lunch and then breakfast for the following day.)

This week all school offices are closed. The offices will open up next week on a limited basis with a skeleton crew to minimise the opportunity for spread of COVID-19. The District Office will be open regular hours M-F but with a skeleton staff. If you are in need of something, please call the main number at the District Office. Someone will be able to direct your call to the right person. Our number is (414)294-7400. You can also email info@cudahysd.org. This is a monitored mailbox; we will get back to you at the earliest opportunity.

Elementary school work packets will be available for pick up on Monday, March 30, 2020 and Tuesday, March 31, 2020 from 7:00 AM to 6:00 PM at your neighborhood schools. The packets will be for the week of March 30 – April 3 and April 6-April 10. We are still expecting to open back up on Tuesday, April 14, 2020. I anticipate that the Governor will make that announcement as we get nearer to April 10th.

Thank you! Your patience and understanding during this unprecedented health crisis is most appreciated. We remain committed to ensuring continuity of education while continuing to meet the learning, social, emotional, and physical needs of our students. For the most up to date and current information, please monitor our website, www.cudahysd.org/district/coronavirus.cfm.

Sincerely,

James P. Heiden, PhD
Superintendent
